

2022 MIFD Tick Control Program

Name: _____ Phone: _____

Property Address/es: _____

PLEASE SELECT ONE OF THE FOLLOWING OPTIONS

Option I: SeaScape Inc. (www.seascapeinc.com)

I hereby give SeaScape Inc. permission to apply **three** applications of a Bifenthrin based tick control insecticide to the listed properties for the 2022 tick season. The insecticide will be applied to the perimeter of each property excluding wetlands.

I select Seascape for future years unless I submit a change request.

Signature Required: _____

Option II: BioTech Pest Controls (www.biotechpestcontrols.com)

I hereby give BioTech Pest Control permission to apply **two** applications of an organic based insecticide, Tick Free Organic Cedar Oil, to the listed properties for the 2022 tick season. Please provide your email address if you have not used Biotech in the past so that notice can be emailed to you in place of paper.

Email: _____. This will not be used for marketing.

I select Biotech for future years unless I submit a change request.

Signature Required: _____

Option III: Do Not Participate

Please do NOT have either SeaScape or BioTech treat my properties for tick control.

Signature Required: _____

PLEASE ANSWER THE FOLLOWING QUESTIONS

Question I

Are you planning any independent method of tick control in addition to, or instead of, the options offered through the MIFD program for the summer of 2022? (For example, Max Force Tick Boxes, other tickicides, etc.) If so, please describe.

Question II

Did you or any of your family members, including your pets, contract any tick-borne diseases during 2021 here on the island? If so, please describe.

Please return by December 31, 2021.

Jean M. Anderson
